BRIEF ABSTRACT OF LETTER

Submits for sanction an estimate amounting to Rs 1407 for the Construction of a Mutton Market at Chikmagalur and requests sanction to the existing Mutton Market (with the vacant land which is divided into 6 plots) being disposed of by public auction

NOTES AND ORDERS

The proposals are (1) to Construct a new Mutton Market near the slaughter house at an outlay of Rs 1407- and (2) to dispose of by public auction the present Market with the adjoining vacant sites for building purposes The Distt. Sanl. Officer to c

the situation of the building is isolated

If however the cost be considered too great the present design may be approved with the following slight alterations.-

(1) No drain is needed in front of the platfo

(2) In place of concrete, neatly dressed burnt stone slabs may be used for the platform floor as well as for the floor of the stall.

(3) Cement plastering to screen walls and to the rear wall up to the height of the screen wall is desirable, and

(4) The hooks should be hung from the ceiling

The objection raised by the Municipal Council against the use of dressed stone slabs is, in my opinion, not well-grounded The floor of a slaughter house is expected to be thoroughly washed at least twice a day and accumulation of dirt in the indentations easily preventible If the floor is cement concrete it is apt to be cut up in places and in a short time the whole floor will be a patch-work of repairs. Any delay in attending to repairs would mean accumulation of foul matter which cannot be easily got rid of Dressed stone slab on the other hand is practically everlasting, and the only item requiring only occasional attention is the cement pointing I therefore adhere to my original recommendation of having dressed stone slabs for the flooring

17 Dressed stone slabs are no doubt objectionable for the reason given by the Municipal Council. But cement concrete, though making a smoother floor is, as the Sanitary Commissioner says, liable to be cut up. To avoid both these defects Cuddappa slab flooring might be used. It combines the smoothness of a cement floor and the durability of stone slabs.

Secretary to Government General and Revenue

Departments in Mysore, Bangalore,

Sir,

I have the honor to state that in view of the fact that the existing building of the Mutton Market in Chickmagalur Municipality required thorough overhauling on modern principles of ~~sanction~~ sanitation and that the decent vacant space fit for building houses has been rendered less attractive owing to its close proximity to the Mutton Market, the question of constructing a new Mutton Market near the present slaughter house which locality is obviously ~~is~~ best suited for the purpose and of disposing of the existing Mutton Market building together with its adjoining vacant sites for house building was considered by the Municipal Council at their meeting

From The President
municipal

Requesting the Sanction
of Government for the Construc
of a new mutton market at a
of Rs 1410/- and to dispose of
by auction the existing one
together with the vacant land

GPB—50,000—6-1 15

meeting held on 23-12-1913

2

2. The Council resolved that the proposed change might be ef-
-fected A copy of the resolution is herein enclosed for refer-
-ence.

3 I venture to submit that this arrangement, leaving, as it does the Mutton Market and slaughter house within reasonable distance from each other on one side and a row of vacant sites for houses on the other side of the road contributes to the bet-
-ter sanitation of that locality

4 The District Sanitary Officer concurs in the above proposal

I request that sanction of Government may be kindly accorded to the enclosed estimate for Rs 1410/- for the construction of a new mutton market and to dispose of, by public auction, the existing Mutton Market together with the vacant land which has been divided, for the sake of convenience into 6 plots

5 I am to add that the Vice President reports that the 6 plots together with the existing Mutton Market may fetch about Rs --- 1200/- if sold during this busy season

I have the honor to be,
Sir,
Your most obedient Servant,

President, Municipal Boards,
Kadur District

Letter no 10940 / Md 57-13 dated 15th May 1914 from General & Revenue Secretary forwarding a copy of the Sanitary Commissioners note regarding the construction of a mutton market at Cheekmupalur and calling for the opinion of the municipal Council in the matter

Resolution. - Resolved that as the cost of the Type design mutton stall is so prohibitive and the funds of the municipality limited, the design submitted by the municipal council be adopted especially as there is not any great difference between the 2 designs As regards the alterations proposed to the municipal design by the Sanitary Commissioner the Council are of opinion (1) that the drain in front of the platform may be omitted as suggested (2) that as stone slabs however finely dressed are sure to accumulate some dirt in their indentations it is better to have cement concrete floor properly made (3) that cement plastering to the walls be provided and (4) that hooks to be hung from the ceiling be adopted as suggested
